WEDDING DATE

CITY

MAIN VENUE

NUMBER OF EVENTS

PRIMARY LANGUAGE(S) OF INVITES

A wedding is not an event you execute.
It is a room full of people you have chosen to host.

— WELCOME

Planning a wedding is joyful. Communicating it shouldn't be chaos.

WHAT USUALLY GOES WRONG

- Guests asking the same questions, repeated through the week.
- Missed WhatsApp messages buried under forwards.
- RSVPs arriving the day before the event — or not at all.
- Family coordination stretched across five different group chats.

HOW THIS WORKS

Offline clarity + digital execution.

THIS PLANNER

A calm place to think, structure your events, and capture what matters. No app, no screens — just pen and paper.

NIMANTRAN STUDIO

A WhatsApp-first platform that executes the plan — invites, RSVPs, broadcasts, reminders — from a single dashboard.

Offline Clarity + Digital Execution = Effortless Hosting.

— THE METHOD

How to Use This Planner.

01

STEP

Think & Plan

Use this planner to clarify vision, structure your events, and capture the decisions that matter. Go slowly—this is the blueprint.

02

STEP

Organise Guests

Fill the guest list, RSVP tracker, and communication notes. Tag every guest by side of family and by events invited.

03

STEP

Execute Digitally

Use Nimantran to create invites, send them on WhatsApp, track RSVPs live, and manage follow-ups—from one clean dashboard.

NIMANTRAN IN PRACTICE

Create · Share on WhatsApp · Track RSVP live · Manage guests—all in one place.

— THE HOSTING MINDSET

You are not planning
tasks. You are hosting
people.

IF

Guests feel informed,
they feel comfortable.

THEN

When guests feel comfortable,
your wedding feels effortless.

Clarity is the new luxury.

SIGNATURE · THE BLUEPRINT

The Wedding Communication Blueprint.

Every Indian wedding is four conversations running in parallel. This is the system that keeps all four calm.

THE SYSTEM AT A GLANCE

Four audiences.
Four stages. One system.

Nimantran automates each intersection—right message, right audience, right stage — on WhatsApp.

— VISION

Your Wedding Vision.

Pick what feels honest. Your answers shape tone, guest list, and how your invite reads.

WHAT KIND OF WEDDING ARE YOU HOSTING?

MOOD OR ADJECTIVE

ONE WORD FOR YOUR DAY

NIMANTRAN IN ACTION

Your Nimantran invite inherits this vision — theme colours, accents, typography, language — applied across every event card automatically.

— FAMILY

Family Expectations.

Clarify early. Most wedding stress is not logistical — it is unspoken.

03 _____

NIMANTRAN IN ACTION

These priorities become your Nimantran message tone — warmer language, clearer structure, and thoughtful reminders tailored to each guest group.

BUDGET

Budget Clarity.

A budget is a forecast of kindness. Generous where it matters, quiet where it doesn't.

TOTAL BUDGET (INR)

PER-GUEST TARGET

CATEGORY	NOTES	BUDGET
Venue & Catering	Largest line — negotiate per-plate	
Decoration & Flowers	Event-wise breakdown works best	
Photography & Video	Include albums + post-edits	
Invitations & Stationery	Plan digital-first	
Attire & Jewellery	Bride + groom + immediate family	
Music & Entertainment	DJ, singers, anchors	
Transportation	Airport runs + venue shuttles	
Gifting & Favours	Per guest + elders	
Contingency (10%)	Don't skip this line	

NIMANTRAN IN ACTION

Invites + WhatsApp communication are almost always under-budgeted. Nimantran consolidates them into a single predictable line item.

— STRUCTURE

Your Wedding Structure.

List every event— Haldi, Mehendi, Sangeet, Wedding, Reception. Each one needs its own invite and its own RSVP.

Create a separate invite for each event in Nimantran. Guests receive only the events they're invited to — no confusion, no crossed wires.

— DIAGNOSTIC

Communication Clarity Score.

Be honest. A low score today is the clearest map to a calm wedding.

RATE EACH QUESTION, 1-10

SCORE / 10

01	Do your guests clearly know the date and time for every event?	
02	Do they know the venue, parking, and how to reach it?	
03	Do they know the dress code — per event, not just the wedding?	
04	Do they know exactly which events they're invited to?	
05	Do they have a single place to RSVP?	
06	Is your WhatsApp communication organised — not scattered?	
07	Do outstation guests know stay and travel logistics?	
08	Is someone assigned to follow up on non-responders?

— REALITY CHECK

If your guests are confused, you will be stressed.

Fix communication early. It is the simplest gift you give yourself — and the one that compounds all other efforts.

THREE THINGS TO DO THIS WEEK

- 01 Write down your complete guest list — both sides, one sheet.
- 02 Decide which guests are invited to which event.
- 03 Set up your Nimantran account and create your first invite.

SECTION 03 → WEDDING READINESS SYSTEM

— READINESS TIMELINE

12 Months Before.

Announce. Align the families. Anchor the date.

- ☐ Announce engagement to close family and shortlist a date window.
- ☐ Consult family elders and pundit for auspicious dates.
- ☐ Set a realistic total budget with both sides.
- ☐ Shortlist venues for each major event.
- ☐ Decide the number of events (Haldi, Mehendi, Sangeet, Wedding, Reception).
- ☐ Begin a preliminary guest count, both sides.
- ☐ Start interviewing wedding coordinators if needed.
- ☐ Agree on a primary point of contact per family side.

NIMANTRAN IN ACTION

Create your wedding in Nimantran. Add the date, events, and your first guest batch — even if incomplete.

— READINESS TIMELINE

9 — 12 Months

Before.

Lock the backbone: team, venues, and vendors.

- ☐ Select wedding party: bridesmaids, groomsmen, key family roles.
- ☐ Finalise guest list from both sides — one document, one owner.
- ☐ Choose colour palette and overall theme.
- ☐ Book photographer and videographer with event-wise coverage.
- ☐ Book musicians / DJ for ceremony and reception.
- ☐ Confirm caterer (if venue doesn't include one).
- ☐ Interview and finalise pundit / officiant.
- ☐ Begin planning honeymoon and book holidays / leaves.

NIMANTRAN IN ACTION

Upload your complete guest list to Nimantran. Tag every guest by event and by family side.

— READINESS TIMELINE

6 — 8 Months

Before.

Design your identity — and your save-the-dates.

- ☐ Design your invitation style and choose your template.
- ☐ Order wedding attire (allow time for fittings).
- ☐ Book florist or shortlist flower vendors.
- ☐ Reserve hotel room blocks for outstation guests.
- ☐ Set up wedding page on Nimantran with schedule and map.
- ☐ Create a gift registry (optional, shareable).
- ☐ Book honeymoon accommodation and flights.
- ☐ Finalise ceremony order with pundit / officiant.

NIMANTRAN IN ACTION

Choose your Nimantran invite template. Customise colours, fonts, and per-event hero imagery.

— READINESS TIMELINE

5 — 6 Months

Before.

Save-the-dates go out. RSVP era begins.

- | | |
|--|---|
| ☐ Prepare and send save-the-date messages. | ☐ Plan the rehearsal dinner / pre-wedding night. |
| ☐ Collect mailing addresses and WhatsApp numbers — every guest. | ☐ Arrange airport pickup / inter-venue transportation. |
| ☐ Finalise bridesmaids and flower girl outfits. | ☐ Book hair and makeup artists — schedule a trial. |
| ☐ Purchase or reserve groomsmen attire. | ☐ Organise passports and documents for honeymoon. |
-

NIMANTRAN IN ACTION

Broadcast save-the-dates via Nimantran on WhatsApp. Track exactly who has seen and opened each message.

— READINESS TIMELINE

3 — 5 Months

Before.

Formal invite. Formal RSVP. Formal system.

- ☐ Send your formal wedding invitation via Nimantran.
- ☐ Order stationery: programmes, menus, place cards, thank-yous.
- ☐ Purchase wedding accessories (jewellery, shoes, clutches).
- ☐ Finalise reception flow — toasts, first dance, cake cutting.
- ☐ Schedule beauty appointments for the wedding week.
- ☐ Order wedding favours per event.
- ☐ Share guest lists with bridal shower / bachelor hosts.
- ☐ Order wedding rings and mangalsutra.

NIMANTRAN IN ACTION

Send formal invites and activate your live RSVP tracker in Nimantran. Share the dashboard link with your family coordinators.

— READINESS TIMELINE

2 Months Before.

Follow-ups. Fittings. Fine-tuning the details.

- ☐ Update guest list as RSVPs arrive.
- ☐ Meet photographer and videographer to walk through shot list.
- ☐ Double-check bookings and vendor timings.
- ☐ Confirm flower counts and arrangements.
- ☐ Final dress fitting — both bride and groom.
- ☐ Write your vows and practise aloud.
- ☐ Obtain your marriage licence.
- ☐ Begin seating plan and order place cards.

NIMANTRAN IN ACTION

Use the RSVP dashboard to follow up with non-responders. Send gentle, personal reminders from Nimantran.

— READINESS TIMELINE

1 Month Before.

Final guest count, final confirmations.

- ☐ Share final guest count and dietary requirements with caterer.
- ☐ Pick up wedding attire and break in your shoes.
- ☐ Pick up wedding rings — verify the fit.
- ☐ Reconfirm cake, flowers, rentals with each vendor.
- ☐ Final meeting with officiant, photographer, videographer.
- ☐ Reconfirm honeymoon bookings and visas.
- ☐ Host bachelor / bachelorette celebrations.
- ☐ Assign day-of responsibilities to wedding party.

NIMANTRAN IN ACTION

Export final guest insights from Nimantran — attendance, dietary breakdown, outstation count — in one tap.

— READINESS TIMELINE

Final Weeks

Before.

Show up rested. Trust the system you built.

- ☐ Write day-of timeline and share with all vendors.
- ☐ Pack for your honeymoon — and leave it packed.
- ☐ Deliver decorations and stationery to reception venue.
- ☐ Conduct wedding rehearsal with the full party.
- ☐ Prepare hotel welcome bags for outstation guests.
- ☐ Confirm final guest numbers with caterer.
- ☐ Have a relaxing massage or manicure.
- ☐ Get a full night of sleep before the big day.
- ☐ Check the weather forecast and plan accordingly.
- ☐ Pack your day-of emergency kit.

NIMANTRAN IN ACTION

Automate final reminders in Nimantran — venue directions, schedule, parking, dress code — scheduled in advance.

— GUEST CATEGORIES

Organise Before You Send.

Tag every guest before your first invite goes out. It saves every future message from chaos.

Tag each guest by category in Nimantran. Every future broadcast, RSVP, and reminder targets the right group automatically.

The Guest Confusion Map.

Every confused guest is a cost— in your time, your phone, and your calm. Map the confusion first, then remove it.

WHEN

- Date and time per event
- Start, not arrival, time
- Ceremony duration
- Post-event plans

WHERE

- Exact venue name
- Google Maps pin
- Parking instructions
- Entry gate/ landmark

WHO

Am I invited to this event— and is my family?

- Which event each guest
- Plus-one clarity
- Children welcome?
- Elder accommodation

HOW

- Single RSVP link
- Dress code per event
- Rituals & expectations
- Gifting guidance

THE NIMANTRAN ANSWER

A single WhatsApp invite that answers all four questions upfront — per guest, per event. Confusion removed before it starts.

MULTI-EVENT CLARITY

Each Event Needs Its Own Communication.

Indian weddings run four to six events. One blurry message kills clarity across all of them.

EVENT	GUEST LIST DIFFERENT? IT'S SENT?		RSVP TRACKED?	REMINDER SCHEDULED?
Engagement	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N
Haldi	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N
Mehendi / Sangeet	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N
Wedding Ceremony	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N
Reception	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N	☐ Y ☐ N

COMMON MULTI-EVENT MISTAKES

- Sending one combined message for all events — guests get confused.
- Not mentioning which guests are invited to which event.
- Different dress codes per event, communicated all together.
- Last-minute WhatsApp forwards replacing formal invites.

SYSTEM · EVENT-WISE COMMUNICATION

One wedding. Five invites. Zero confusion.

SEPARATE INVITES PER EVENT

Individual invites for Haldi, Mehendi, Sangeet, Wedding, and Reception. Each with its own schedule and dress code.

TARGETED GUEST LISTS

Aunties invited to Mehendi. Colleagues only to Reception. Every guest receives exactly what's relevant to them.

INSTANT WHATSAPP SHARING

One tap. Your beautiful invite reaches the right guest on the platform they already live on.

LIVE RSVP PER EVENT

Know exactly who is coming to each function. Plan catering, seating, and welcome bags with confidence.

— TIMING

When to Send.

Wedding communication is cadence, not blast. Here's the calm version.

6 MONTHS	Save-the-Date A short digital card or message announcing the wedding date and city.
3-4 MONTHS	Formal Invitation The complete invite—all event details, RSVP link, and venue map.
1 MONTH	RSVP Follow-up A polite, personal reminder to those who haven't responded.
1 WEEK	Final Reminder Event schedule, venue directions, and dress code recap.
DAY BEFORE	Day-of Details Final timing, parking, and a warm welcome note.

NIMANTRAN IN ACTION

Schedule every send in advance inside Nimantran. The right message goes out at the right time — you don't have to remember a thing.

— TONE

Message Format.

Short. Clear. Respectful. This is wedding-grade copy—not marketing copy.

01

SHORT

Three to five lines. Respect the reader's time.

02

CLEAR

State the what, when, where, and how to RSVP — upfront.

03

RESPECTFUL

Warm tone. Personal salutation where possible.

04

COMPLETE

All critical information in one message, not three.

05

ACTIONABLE

Include a single, clear RSVP link or instruction.

WHAT TO AVOID

- Long walls of text.
- Forwarded generic messages.
- Multiple follow-ups in a single day.
- Leaving out RSVP instructions.

— TEMPLATES

Sample Messages.

Copy them. Adapt them. These are what a calm WhatsApp invite actually looks like.

CHANNEL DESIGN

Smart Sharing.

Broadcast vs. personal. Neither is better — each is for a purpose.

BROADCAST

For many, with one message

- Send to many at once — no reply-all chaos.
- Use for announcements and reminders.
- Avoid for sensitive or personal updates.
- Guests can't see other guests' replies.
- Nimantran handles the list and the send.

PERSONAL

One-on-one, by hand

- For elders, VIPs, and close family.
- For sensitive or individual updates.
- When personalisation matters.
- A short call after can go a long way.
- Nimantran marks these so nothing's missed.

NIMANTRAN IN ACTION

Nimantran supports both modes from one dashboard. Broadcasts for cadence. Personal sends for care. You choose, effortlessly.

— WHY IT MATTERS

RSVP Is the Spine of Hosting.

Every downstream decision depends on one honest number.

01

CATERING

Over-ordering or under-ordering food is the single largest avoidable wedding cost. An accurate headcount is real money.

02

SEATING

A proper seating plan is impossible without confirmed attendees. Elders, kids, and VIPs need predictable spots.

03

STATIONERY

Place cards, menus, and programmes need exact numbers — and names.

04

VENUE SETUP

Chair counts, table layouts, and décor all depend on the real number — not the invited number.

05

PEACE OF MIND

Knowing who is coming reduces stress in the final weeks. Clarity compounds.

NIMANTRAN IN ACTION

Nimantran's RSVP link auto-tracks every response, in real time. No spreadsheets. No manual entry. No chasing.

SIGNATURE · RSVP INTELLIGENCE

The RSVP Intelligence System.

Responses aren't the goal. Decisions are. Here's how we turn every tap into a number you can act on.

LAYER 01 · CAPTURE

You have done the work. Now show up, be present, and enjoy every moment. Unexpected things will happen — that is normal. Your guests are there to celebrate you, not to judge.

REMINDERS

- Delegate confidently to your wedding party.
- Breathe. Smile. You planned this beautifully.
- Eat something. Drink water. You'll forget.
- Find five minutes of silence before the ceremony.
